PRESIDENT, MEDIA

News of Collier's jump from Fox Corp. to Roku in September caught industry watchers off guard, including many on the company's Century City lot. At Roku, he's revving up content and overseeing ad sales for its growing portfolio of owned-and-operated AVOD channels on the digital MVPD platform. His move coincided with a broader Roku restructuring that distributes power from CEO Anthony Wood to Collier and Roku vets Mustafa Ozgen and Gidon Katz. Collier's exit from Fox was a surprise in part because he'd become a force in a short time, steering acquisitions to restock the company's IP larder after the 21st Century Fox sale to Disney. A Web3 fan, he also launched Blockchain Creative Labs for NFTs.
